

ACT NO. 9 1 1 7

BILL NO. 36-0332

THIRTY-SIXTH LEGISLATURE OF THE VIRGIN ISLANDS

Regular Session

2026

An act creating a temporary law enforcement integration initiative to increase police manpower, enhance public safety operations, and reduce violent crime throughout the Virgin Islands

---0---

WHEREAS, the Government of the Virgin Islands has a fundamental responsibility to protect the lives, safety, and property of residents and visitors throughout the Virgin Islands;

WHEREAS, the Virgin Islands has experienced an alarming increase in violent crime, including homicides, shootings, armed robberies, carjackings, and firearm-related offenses;

WHEREAS, approximately 22 homicides have occurred throughout the Virgin Islands during the current year, with incidents occurring in both the St. Croix district and the St. Thomas-St. John district;

WHEREAS, approximately seven homicides occurred within a span of ten days, reflecting an unacceptable escalation of violent criminal activity;

WHEREAS, numerous reports of armed robberies and carjackings have heightened concerns among residents, businesses, and visitors regarding public safety;

WHEREAS, testimony, public statements, and operational assessments indicate that district police commanders continue to face manpower shortages that limit their ability to provide adequate patrol coverage and proactive policing operations;

WHEREAS, various agencies and instrumentalities of the Government of the Virgin Islands employ certified law enforcement officers possessing arrest powers and law enforcement training;

WHEREAS, the Legislature of the Virgin Islands finds that during periods of elevated violent crime, the Government should maximize the deployment of available sworn law enforcement personnel to public-facing operational assignments;

WHEREAS, the Legislature further finds that temporarily integrating available territorial law enforcement resources under a unified command structure will increase police visibility, strengthen crime suppression efforts, improve response capabilities, and enhance public confidence in law enforcement; and

WHEREAS, this act is intended as a temporary emergency public safety measure and may not be construed as permanently altering the structure or authority of any territorial law enforcement agency; Now, Therefore,

Be it enacted by the Legislature of the Virgin Islands:

SECTION 1. (a) There is established a Temporary Law Enforcement Integration Initiative for the purpose of increasing law enforcement visibility, enhancing public safety operations, reducing violent crime, and maximizing the utilization of available law enforcement personnel throughout the Virgin Islands. This initiative remains effective for an initial period of 90 days and may be extended as provided under subsection (f)(2).

 - (3) traffic enforcement operations;
 - (4) community policing efforts;
 - (5) robbery and carjacking reduction strategies;
 - (6) firearm interdiction initiatives;
 - (7) directed patrols in high-crime areas;
 - (8) staffing plans for eastern and western operational zones within each district;
- and
- (9) strategies designed to maximize police visibility and rapid response capabilities.

(e) The Commissioner shall submit monthly reports to the Governor and the Legislature of the Virgin Islands detailing:

- (1) personnel assignments;
- (2) deployment activities;
- (3) arrest and traffic citation statistics, inclusive of health, fire, and licensing citations;
- (4) firearm recoveries;
- (5) robbery and carjacking statistics;
- (6) homicide statistics;
- (7) overtime expenditures;

- (8) crime trend analysis; and
- (9) recommendations for continuation or modification of the initiative.

(f)(1) Not later than 90 days after implementation of this initiative, the Commissioner shall submit a comprehensive assessment of the initiative to the Governor and President of the Legislature. The assessment must address:

- (A) crime reduction outcomes;
 - (B) operational effectiveness;
 - (C) personnel utilization;
